

PROCEEDINGS OF THE CLUB.

THE 240th regular meeting was held at 194 Clarendon Street on the evening of October 18, 1904; President Emerton in the chair; attendance 11. The minutes of the last meeting were read and accepted. Mr. J. W. Dow was unanimously elected to Active Membership.

Mr. Emerton showed a number of small spiders secured by sifting dead leaves. Mr. Sampson displayed a collection of hymenoptera and Mr. Swett one of lepidoptera. Mr. Frost showed specimens of the weevil *Attelabus rhois* with its nests, from the speckled alder at Wales, Me., and also showed its parasite *Omphale elongatus*. The meeting was then adjourned.

The 241st regular meeting was held in the rooms of the Appalachian Mountain Club, Tremont Building, Boston, on the evening of November 15, 1904; President Emerton in the chair; 21 persons present. The records of the last meeting were read and accepted. Messrs. J. A. Cushman, F. H. Lahee, H. Parker, W. R. Pearmain, I. L. Shaw and M. D. Smith were unanimously elected to Active Membership. Details of the management of the exhibition were discussed. The topic of "Instinct and Intelligence in Insects," announced for discussion at this meeting, was not touched upon, but by vote of the Club was registered for the next meeting. Mr. Field made a brief report on behalf of the Publication Committee. The remainder of the evening was devoted to the arrangement of exhibits and informal conversation.

W. L. W. FIELD,
Secretary.

RECENT ENTOMOLOGICAL LITERATURE.

Asterisks indicate descriptions of new species of American insects or of new genera.
